

LOVE THAT LASTS

Words and music © Nicky Chiswell 2004

Jane was a foster parent for some time. She sings like an angel and I wrote this song for her. I also love singing this song to 'welcome' people.

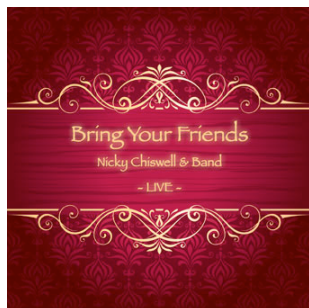

I can't tell what your life has brought you
I can't say what the future holds
I can't know if you'll even remember
This little part as your story unfolds

I can give you this time and this place
Praying now that you will know

*There is love to be found
There is hope no matter what comes to pass
There is one solid ground
There is love, love that lasts*

I can't pretend that it's always been easy
Sometimes I'm so tired, I wonder what I've done
But I'm so glad our roads have intersected
From knowing you I know that I have grown

Hey, I've been lost and needed some protection
Been taken in by strangers in my time
I've been pursued by love that's so relentless
To come and find me he left the ninety-nine
