

JESUS ROSE

Words and Music © Nicky Chiswell 1981

A very old song, nearly my first... the truth does not change. See Luke 24.

What happens when this is all over?
Does anything we do here count?
Why do some say that it doesn't matter
While others speak of truth they have found?

Well there's one sure fact that we can grab hold of
That holds the key to the answers we need

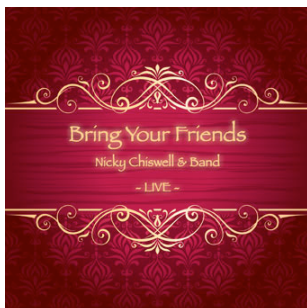

Jesus rose from the dead...

If he really came back
To life after dying
Helps us see
His claims were the truth
He claimed to be God
Some say he was lying
But he gave those
Who saw him good proof
And some who witnessed
Have written the story for us
So that all may believe

Jesus rose from the dead...

How does it feel when you hear of his rising
And how will this truth affect you?
We can't just pretend that it didn't happen
And we know one day our lives will be through
And it's one sure fact
That when that day happens
It's too late
To acknowledge that it's true that

Jesus rose from the dead...
